SECTION 1. GENERAL COMMENTS (ALLEGRO.SK)

1. The Company charges the following fees and sales commissions for Transaction organization services provided within a given Marketplace:

a. basic fees for listing Offers,

i. sales commissions,

ii. the unit transaction fee referred to in Section 3.6,

iii. a fee for transactions paid with Allegro Pay (a service described in the Allegro Pay Terms & Conditions),

b. additional fees

2. The fees referred to in the paragraph above, except for the sales commission, are non-refundable. The exceptions are situations in which the Offer is removed or expires early in accordance with the rules specified in paragraphs 8.2 or 8.6 of the Terms & Conditions — the fees are refundable less the amount proportional to the time for which the Offer was listed. This provision is without prejudice to the rights of consumers arising from mandatory rules of law.

3. The Company may charge fees for other services provided on Allegro. The amount of such fees is set individually in the terms and conditions of a given service.

4. If the amount of fee or sales commission is set as a percentage of a given amount (e.g., of the selling price), the gross amount (including VAT) shall be the basis for calculating such fee or sales commission. Sales commission amounts are rounded up to EUR 0.01.

5. It is inadmissible for the Seller to charge Transaction costs directly to the Buyer (in particular, the fees for listing the Offer, additional options, and fees for making card payments or sales commissions).

SECTION 3. SALES COMMISSIONS (ALLEGRO.SK)

1. A sales commission is charged each time upon the conclusion of an agreement within the Transaction. A sales commission is calculated in accordance with the sales commission rate in the category in which the Offer was listed or to which the Offer was transferred by the Seller or by the Company in accordance with the provisions of the Allegro Terms & Conditions.

2. The sales commission amount depends on the final price and cost of delivery, which the Buyer selected.

SECTION 6. SETTLEMENTS (ALLEGRO.SK)

A. Settlements of amounts payable

1. Settlements for the full scope of services related to ensuring functionality and services available on the Allegro commercial platform (the "Comprehensive Service") are conducted for each User separately for each Marketplace. For this purpose, separate Billing Accounts are created for the User in the appropriate currency for each Marketplace. The Comprehensive Service does not cover services and settlements referred to in Section 5(1)(e) or settlements that are not VAT-taxable ("NoVAT Settlements") referred to in Section 8.

2. Settlement data may be managed upon logging in to the Account; from their Account, each User may view the current and past status of their Billing Accounts (that state the fees and sales commissions charged and the refund amounts to a given Billing Account). Such settlements include a detailed calculation of partial fees that make up the total fee for a given Comprehensive Service and the No-VAT Settlements, as referred to in Section 8.

3. Users are obliged to pay all amounts due to the Company in the appropriate currency, separately for each Billing Account, each time until the 14th day of the next month.

4. Users who receive invoices are obliged to pay the amount payable in the amount and currency indicated in the invoice, irrespective of its amount.

5. A User that does not receive any invoices is obliged to pay the fees due to the Company after the end of a given billing cycle. It is not required to make any payment in case the total amount due as of the end of the month is below EUR 2. In such case, the User shall make a payment charged on a given Billing

Account after the end of the month in which the amount due reaches at least EUR 2. However, upon the request of the Company, the User shall be obliged to make a payment within a specific deadline, even if the total balance is below EUR 2.

6. Failure to pay the amount payable within the required time limit may result in the User Accounts functionality being partially or completely disabled. In such a case, the restoration of full Account functionality shall be conditional on the settlement of all amounts payable by the User to the Company.

7. Payments to the Company shall be made to individual bank accounts assigned to each Billing Account. Payment details are available upon logging in to the Account.

8. Payments made by User to the Company settled within a given Billing Account. Initially, payments are credited towards the amounts arising from an invoice that is due and payable. Regarding the User referred to in section 5 above, for receivables arising from the monthly settlement of a given billing cycle. With respect to a single billing cycle, payments made by Users are credited on a pro-rata basis to the Comprehensive Service and No-VAT Settlements. In case the fee due to the Company is made up of several due and payable invoices or monthly settlements of billing cycles, payments made by the User are credited first towards the oldest of them.

B. Overpayments

1. If an overpayment is made to any Billing Account during a billing cycle, the User may request a refund at any time using a form available in the My Allegro > Billing > Settlements with Allegro tab. However, if the User requests a refund of the overpayment, the overpayment under a given Billing Account is first credited towards the currently charged fees, sales commissions, and Settlements outside VAT, and then towards the fees, sales commissions, Settlements outside VAT and any debts for other Billing Accounts and on other Accounts of a given User. The overpayment between Billing Accounts kept in different currencies is credited according to the exchange rate table of the National Bank of Poland from the day preceding the currency conversion. As a general rule, the overpayment shall be refunded by bank transfer to the entity that made the payment to the account from which the payment was made.

2. Subject to Section 6(B)(1) above, in case of any overpayment within a given Billing Account at the end of a billing cycle, it will be recognized as an advance towards the Comprehensive Service within a given Billing Account (excl. No-VAT Settlements referred to in Section 8) in subsequent billing cycles.

3. In case the advance referred to in section 2 above is available in Billing Account it will be applied in the following order: (a) to cover the adjustment of payments made (taking into account any payments made in a given month), if such an adjustment occurs in a given month; (b) to cover the fees and charges (excl. No-VAT Settlements). If there are no fees and charges on a given Billing Account in a given billing cycle (excl. No-VAT Settlements, as referred to in Section 8), or their total amount is below the overpayment for prior billing cycles (minus adjustments of payments made in the current cycle), and at the same time there are any No-VAT Settlements, the User hereby expresses the intention to change the purpose of the advance and to apply the funds from the overpayment for No-VAT Settlements (at the amount corresponding to the value of No-VAT Settlements or the overpayment value).

4. Debits arising from fees and sales commission charged in a given month for a given Comprehensive Service and No-VAT Settlements shall be first set off within a given Billing Account by the Company against the advance(s) referred to in sections 2 and 3 above, resulting from prior billing cycles. Then, the Company will clear the advances against the payment made or overpayment emerging in the current billing cycle. In such a case, the provisions of section 1 above shall apply accordingly.

5. The funds obtained by the User on a given Billing Account from promotional actions organized by the Company are non-refundable or transferable between Billing Accounts. They can only be used in total for the payment of future fees arising from the services performed for the User as part of Allegro on a given Billing Account.

C. Changes in the amounts of fees and sales commissions

1. Company reserves the right to change the amounts of fees and sales commissions. These changes shall be made following the procedure and the terms set out in the Terms & Conditions.

D. Invoices and notes

1. Business Account Users, to receive invoices, should fill in a relevant form and have their data as provided in the invoicing form verified as true. Invoicing data must correspond to the data provided in the Account settings. Invoices for subsequent months shall be issued automatically without the need to repeat the actions indicated in the previous sentences — until the User opts out of receiving invoices.

2. Invoices for Users who are natural persons not pursuing an economic activity shall be issued solely upon their request. In such a case, the provisions of sub-paragraph 1 shall apply *mutatis mutandis*.

3. a. A User who is a tax on goods and services (VAT) payer, having a registered address within a European Union Member State other than Poland, is obliged to produce documents to certify its registration as a taxpayer in one of the European Union Member States other than Poland, and fill in a form available at My Allegro > Account > Setting > Account data > Tax information.

Documents to certify a taxpayer's registration and data provided in the form are checked.

b. Users with a registered seat outside Poland, who have a fixed establishment in Poland, as defined in Article 11 section 1 of Council Implementing Regulation (EU) No. 282/2011, should notify the Company, indicating their Polish VAT number. Such notification should be effective starting from the billing cycle during which it is submitted. Submission of such notification will impact the VAT rate applicable to the fees and sales commissions for the services related to the Transaction performed as part of Allegro.

4. Invoices for a given month include amounts payable charged in this month for a given Billing Account in its currency, and they are issued no later than on the 15th day of the next month.

5. The User is obliged to update invoicing data immediately following any change. As regards updates to invoicing data (except for the address and telephone data), such change is possible only if the company has undergone a transformation or its form of legal succession has changed. A change shall be made once documents to certify legal succession are verified as true. The change takes effect starting from the first invoice issued after positive data verification.

6. A default procedure for sending invoices is making them available in electronic form. By accepting the Terms & Conditions, an acceptance is also given for sending (making available) invoices in electronic form, as defined in the applicable regulations on goods and services tax, on the terms described in the Terms & Conditions.

7. To ensure the authenticity of invoices as defined in separate regulations, invoices shall be made available to the User in electronic form solely upon logging into his/her Account, using login and password, in a manner to enable downloading them to the User's IT system.

8. To ensure the integrity of invoices as defined in separate regulations, the invoices made available in electronic form shall be generated as PDF (Portable Document Format) files, secured to prevent any change to the invoice data, in particular:

- a. document editing,
- b. inserting comments,
- c. filling in or signing form fields,
- d. document assembly,
- e. copying the document contents,
- f. extracting pages.

9. Company reserves the right to use other technical solutions in addition to those indicated in paragraphs 7 and 8 above, aimed to ensure the authenticity and integrity of invoices sent (made available) in electronic form.

10. The User may, at any time, withdraw the consent to having invoices sent (made available) in electronic form. The following shall also be deemed a withdrawal of the consent to having invoices sent (made available) in electronic form:

- a. The User opting out of receiving VAT invoices (closing the invoice account),
- b. Any Party declaring to terminate the Agreement.

11. The User who has withdrawn the consent to having invoices sent (made available) in electronic form may give their consent again.

12. Consent to having invoices sent (made available) in electronic form and a withdrawal of the consent shall have immediate effect.

13. The User who receives VAT invoices sent (made available) in electronic form is obliged to store them in accordance with separate regulations.

14. Company reserves the right to issue and send the User a hard copy invoice, even if the User consented to have invoices sent (made available) in electronic form.

15. Invoices sent (made available) to the User in electronic form shall be available in the User account administrative dashboard for 7 years of the date of issue. Consequently, no copies of electronic invoices are issued.

16. "In minus" amended invoices with VAT are issued by the Company as part of the approval of conditions for reduction of the taxation base, as referred to in Article 29a section 13 of the Goods and Services Tax Act, expressed through the User's acceptance of the Terms & Conditions.

17. If only No-VAT Settlements are subject to documentation in a given settlement period instead of an invoice, the Company shall issue the User an accounting note.

- a. VAT Goods are delivered by Sellers with registered seats outside the European Union (who, at the same time, do not have a Fixed Establishment in the territory of the European Union) and
- b. VAT Goods are delivered in the territory of the European Union.

*(Example 1: the Company will be required to collect and pay e-commerce VAT on a Transaction made between a Seller with its registered seat in China, who **does not have any Fixed Establishment** in any European Union country, and the Buyer from Poland who is a consumer, if the item on the Offer at the time of purchase is in a warehouse in Germany and, as a result of the Transaction, it will be shipped from Germany to Poland.)*

*(Example 2: the Company will not be required to collect and pay e-commerce VAT on a Transaction made between a Seller with its registered seat in China, who **has a Fixed Establishment** in the Netherlands (and is registered there for VAT EU purposes), and the Buyer from Czechia who is a consumer, if the item on the Offer at the time of purchase is in a warehouse in the Netherlands and, as a result of the Transaction, it will be shipped from the Netherlands to Czechia.)*

3.2.

The scope of data and information referred to in paragraph 3.1. and provided by the Seller shall refer to the time of the B2C Transaction and include, but not be limited to:

- a. the Goods being sold in the Offer and other parameters and information contained in the Offer description, required to determine the obligation to settle e-commerce VAT, including those regarding the change in the price of the Goods sold, cancellation of payment, reimbursement of the payment to the Buyer, return of the Goods by the Buyer;
- b. the country of the Seller's registered seat;

In particular, when listing an Offer, the Seller will be able to declare the VAT rate applicable in Poland or Czechia [or Slovakia](#) for the Goods sold and, if justified, the basis for excluding it from VAT or e-commerce VAT, and whether the Goods sold in the Offer are VAT Goods or services within the meaning of the VAT Act.
